Principal's Message

During these trying Covid-19 and economic times for small, rural schools, our school district continues to strive to provide as many services as possible to our students. We continue to offer small classes (average 11 students) with individualized instruction. In addition, we offer free breakfast, lunch and after-school snack programs. To meet the needs of all of our students, we continue to offer speech therapy, a Resource Specialist Program, an after-school program open until 6 p.m., classroom aides, home-to-school transportation when available, a reading assessment and support program, many enrichment and arts activities, student council, a music program, athletic teams, an annual eighth-grade trip and a library program. We bring and use as many resources as we can to help each student live up to his or her potential.

School Mission Statement

Our mission is to teach students the academic, social and thinking skills necessary to become citizens who accept challenge, take responsibility for personal choices, and value themselves and others in a diverse world.

Parental Involvement

When we are not restricted by Covid-19, at Bridgeville School we encourage parent volunteers to help in the classroom and with other activities, such as field trips, Field Day, dances and the Curriculum Fair. Teachers and the administrator are always accessible to talk with parents regarding their child's progress at school or any other parental concerns. We hold biannual parent-teacher conferences and monthly board of trustees meetings. Booster Club events happen throughout the year, and parent volunteers often work in the classrooms leading art and music sessions, sessions in the school garden, and volunteering in the after-school program. In addition, notes are sent home regularly to keep parents up-to-date on activities occurring at school.

For more information on how to become involved, please contact Superintendent/Principal Don Boyd at (707) 777-3311 or dboyd@bridgevilleschool.org.

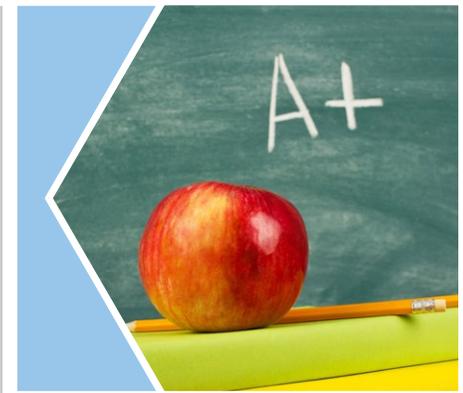

School Safety

A copy of the school safety plan is available in the office. Fire and evacuation drills are held monthly; earthquake and lockdown drills are held biannually.

The school safety plan was last reviewed, updated and discussed with the school faculty in September 2021. Key elements of the plan include monthly safety drills and the Crisis Intervention Plan. The school Wellness Plan and Illness and Injury Prevention Plan are also reviewed and updated annually.

Enrollment by Student Group

The total enrollment at the school was 43 students for the 2020-21 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

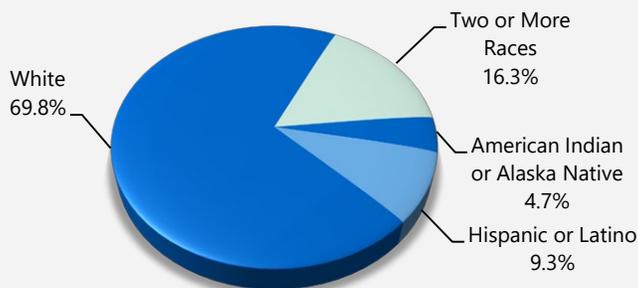

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Bridgeville School Strategies

- We will maintain small class sizes
- We will build and promote a partnership with parents, students and community members
- We will nurture the character and self-esteem of each student
- We will develop a school community that celebrates diversity
- We will integrate creative arts into the curriculum
- We will support the school and Community Center partnership
- We will continue learning enthusiastically

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table shows the school, district, and state suspension and expulsion rates collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Professional Development

Due to the small size of our school and the wide grade span (three classrooms with grades K-8), teachers are encouraged to develop professional development goals that will help them accelerate the learning of their students. To this end, the district provides an opportunity for five annual buyback days and covers the registration and mileage costs for teachers to attend local trainings offered by the Humboldt County Office of Education. Teachers attend trainings that will directly help them in their classroom and that are targeted at current student needs. Most recently, professional development focus has been on Common Core State Standards (CCSS) curriculum and instructional methods as well as classroom-management skills. The principal encourages teachers to partake in professional development opportunities and provides resources to implement the tools acquired in such professional development. We also have professional development opportunities and staff trainings provided on-site during our early release Wednesdays.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

■ Data for 2019–20 are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–20 school year.

❖ Inclusion and exclusion rules are different for the SARC than for other public assessment reports. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

Note

Due to the COVID-19 pandemic, California Governor Gavin Newsom issued Executive Order N-30-20 which waived the requirement for statewide testing for the 2019–20 school year. Also due to the COVID-19 pandemic, the U.S. Department of Education approved a waiver of the requirement for statewide testing for the 2019–20 school year, as specified on the CDE Every Student Succeeds Act web page at <https://www.cde.ca.gov/re/es/>.

Textbooks and Instructional Materials

The district was current in all textbook-adoption areas as of October 2017. Each pupil has access to his or her own copy of standards-aligned textbooks and instructional materials in the core curriculum areas of reading/language arts, mathematics, science and history/social science.

State-adopted Common Core State Standards-based instructional grade-appropriate materials in good condition are available to all students. Material sufficiency and quality are addressed at the beginning of each school year. Any needed materials are purchased in September of each school year.

All students have access to their own textbooks and instructional materials to use in class and to take home.

School Facilities

Bridgeville School is a one-school district with eight classrooms, a gym/cafeteria, adjoining community center, library, music room, athletic field and an associated Head Start program. The main building was built in 1984.

The school keeps students safe on school grounds before, during and after the school day by providing adequate monitoring of students during these times by school personnel and by providing an after-school program until 6 p.m. each evening.

The school buildings are relatively new and in good repair. The school grounds are in good condition. Our school custodian cleans the school each weekday evening.

The Williams case settlement specified Facility Inspection Tool (FIT) is used annually to assess the condition of school facilities.

Types of Services Funded

When Covid-19 allows, the school offers interscholastic athletics; educational field trips which include transportation; special presentations (such as Chamber Readers, performances by Dell'Arte International, Storytellers, author visits and more); Science Fair participation; History Day participation; a daily after-school program until 6 p.m.; and harp lessons, guitar lessons, chorus, band, and enrichment music. A complete budget is available for inspection in the school office.

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 school year. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Permits/waivers: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Teacher Misassignments: The assignment of employees to teaching or pupil services positions for which the employee does not hold the required certificate, credential, or other statutory authorization.

Vacant Teacher Positions: The total number of the school's vacant teacher positions.

Teachers Without Credentials and Misassignments		2020-21 School Year
Authorization/Assignment	Bridgeville ES	
Permits and Waivers	0.0	
Misassignments	0.0	
Vacant Positions	0.0	
Total Teachers Without Credentials and Misassignments	0.0	

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Teacher Preparation and Placement

Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned): The teacher possesses a California preliminary or clear credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Intern Credential Holders Properly Assigned: The teacher possess a California intern credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Teachers Without Credentials and Misassignments ("ineffective" under Every Student Succeeds Act [ESSA]): An ineffective teacher is any of the following:

- An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or
- A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned); or
- An individual who holds no credential, permit, or authorization to teach in California.
- "Ineffective" includes the following limited term emergency permits:
 - Provisional Internship Permits;
 - Short-Term Staff Permits;
 - Variable Term Waivers; and
 - Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record.

Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA):

A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of field:

- General Education Limited Assignment Permit (GELAP)
- Special Education Limited Assignment Permit (SELAP)
- Short-Term Waivers
- Emergency English Learner or Bilingual Authorization Permits
- Local Assignment Options

Unknown: These are instances where either information about the course assignment or the teacher is either missing or has been identified as incorrect. Therefore, an accurate assignment status cannot be currently made.

Credentialed Teachers Assigned Out-of-Field (considered "out-of-field" under ESSA)

Credentialed Teachers Authorized on a Permit or Waiver: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Local Assignment Options: Means if an employing agency is unable to assign a teacher or other certificated employee with an appropriate credential, it can assign any fully-credentialed teacher outside of their area of credential authorization if the local educational agency abides by requirements in California Education Code and those required by the California Commission on Teacher Credentialing.

For more information on the definitions listed above, refer to the California Commission on Teacher Credentialing's Administrator's Assignment Manual at <https://www.ctc.ca.gov/credentials/manuals>.
